

TRANSPORTATION

A Tradition of Excellence

PROJECT:

Crooked Street On-Ramp

SERVICES:

Constructed a highway entrance ramp to Interstate 84 and Route 72, Eastbound. Set a 1500 foot cast-in-place concrete double retaining wall. Installed paving, which included a complete overlay of the bridge deck with latex modified concrete. Built a noise barrier. During the entire project, successfully maintained and protected traffic.

LOCATION:

Plainville, Connecticut
