

# DEMOLITION

*A Tradition of Excellence*

## PROJECT:

Hartford Times Building Demolition

## SERVICES:

As part of the Adriaen's Landing Project, performed selective interior and mechanical demolition of the century old building. Removed all non-structural components, mechanical separation of the original structure and it's four-story addition on the east side to completely demolish the original building before removing the newer construction. Monitored all demolitions impact with seismic equipment, achieving levels well below harmful vibration levels. Finished the project on schedule with zero accidents or incidents.

## LOCATION:

Hartford, Connecticut
