

TRANSPORTATION

A Tradition of Excellence

PROJECT:

Resurfacing and Safety Improvements on I-95

SERVICES:

Milled and paved six miles of Interstate 95. Repaired/replaced concrete roadway slabs and concrete median cap. Performed slip lining of existing pipes and cured-in place lining of existing pipes. Reset all drainage structure tops. Updated drainage structures and pipes. Reset/replaced all metal beam rails and trimmed/cleared trees. Rehabilitated decks and parapets for bridges. Added new signs on median and roadside, set traffic monitoring stations and striped lines.

LOCATION:

Milford/Orange, Connecticut
